First Aid and Medicine Basics

Having the basics in one place, and a current medicine list, makes small injuries simpler and helps anyone caring for your family.

CHECKLIST

☐	Stocked first aid kit; check it twice a year	$24
☐	Digital thermometer	$10
☐	Disposable nitrile gloves	$15 per 100
☐	Written list of each person's medicines, doses as prescribed, and allergies	free
☐	Ask your pharmacist or doctor how to keep a small extra supply	cost varies
☐	Pill organizer for the week	$11-19
☐	Copies of insurance and pharmacy cards in a zip bag	cost varies
☐	Note which medicines need refrigeration and ask your pharmacist about backup storage	free
☐	Take a Red Cross first aid class	cost varies

DO IT THIS WEEKEND

1. Open your first aid kit; toss expired items and restock.
2. Write each person's medicine and allergy list; keep one copy in the kit.
3. Call your pharmacy and ask about early refills and storage.
4. Look up a Red Cross first aid class near you.
